What is the Entrepreneurship License?

The Entrepreneurship License Program is a comprehensive, self-paced online training experience. It blends video-based lessons, interactive activities, and guided reflection exercises to ensure learners not only understand but can also apply key entrepreneurial concepts in real-world contexts.

Each module concludes with an assessment designed to test mastery of the material, with a minimum passing score of 70% required to advance and successfully complete the program.

Upon completion, participants will be awarded an Entrepreneurship License certified by one of the awarding bodies of the American Group for Managing Educational Projects (AGMEP) — providing internationally recognized validation of their entrepreneurial knowledge and skills.

Why Take the Entrepreneurship License?

"The best way to predict the future is to create it."
– Peter Drucker

The world is full of opportunities for those bold enough to act. Whether you dream of launching your own company, growing a small business into a powerhouse, or taking your professional skills to the global stage, the Entrepreneurship License is your passport to credibility, knowledge, and success.

Created by TEFL Wonderland — a pioneer in interactive course design and gamification — and accredited by the American Group for Managing Educational Projects (AGMEP), this program doesn't just teach you theory. It gives you the practical skills, confidence, and internationally recognized credential to stand out in the business world.

Who Should Join

This program is for you if you are

1- Aspiring Entrepreneur

You have an innovative business idea but aren't sure how to bring it to life. This program equips you with the tools to validate your concept, identify your target market, and create a sustainable business model. You'll finish with the confidence and skills to launch successfully and avoid common startup pitfalls.

2- Small Business Owner

You've already started your business but want to take it to the next level. This license program offers structured strategies for scaling, improving operational efficiency, strengthening your market position, and increasing profitability.

3- Freelancer or Consultant

You excel at your craft, but you want to professionalize your services and grow your client base. This program will help you build a stronger business identity, refine your marketing approach, and position yourself as a trusted authority with a globally recognized credential.

4- Educator or Trainer in Entrepreneurship

You teach others how to start or grow businesses and want to enhance your own skills while earning a prestigious credential. The program introduces fresh, interactive teaching methods and expands your expertise in modern entrepreneurship.

5- Student or Young Professional

You're exploring the world of self-employment and want a strong foundation before you begin. This program gives you the knowledge and skills to make informed choices, reduce risks, and start on the right path.

6- Corporate Professional or Career Switcher

You're ready to leave the corporate world or start a side venture. This course provides you with a structured approach to transitioning into entrepreneurship with reduced uncertainty and greater readiness for success.

Success doesn't come from what you know – it comes from what you apply. This program ensures you can do both.
